**OPPOSITION TO REQUEST FOR LEAVE TO FILE
SUPPLEMENT TO INFORMAL OBJECTION**

Connecticut Public Broadcasting, Inc. ("CPBI"), by counsel, opposes the "Request for Leave to File Supplement to Informal Objection ("Request")" filed by Entravision Holdings, LLC, permittee of Station WUVN-DT, Channel 46, Hartford, Connecticut. Entravision's Request is devoid of any rationale for acceptance of an additional filing in this proceeding. Despite Entravision's suggestion that it is supplementing a previous objection in this rulemaking, it has not previously participated. Comments in the docket were due July 6, 2004, and reply comments on July 14, 2004. In the "Supplement To Informal Objection" attached to Entravision's "Request," Entravision does not take a position on the proposal to allot DTV Channel *9 at Norwich, Connecticut, which is the subject matter of the proceeding. To the extent the filing of an extraneous pleading in the docket might further delay the Commission's decision, now pending for over a year, it would be prejudicial and unfair to CPBI for the Commission to grant the "Request" and to accept the proffered "Supplement" in this docket.

There is no substance at all to the Entravision "Supplement." It merely states

No. of Copies rec'd 0 + 4
List ABCDE

"support" of an unauthorized pleading filed by the American Broadcasting Companies, Inc. (ABC) on September 2, 2005. The ABC "Supplement to Objection", which CPBI moved to dismiss on September 12, 2005, is directed to pending applications for a proposed exchange of DTV channels between CPBI's Station WEDH, Hartford, Connecticut and Station WEDN, Norwich, Connecticut (FCC Files No. BPEDT-19990113KG and BMPEDT-20031008AAT). It does not relate to the instant rulemaking proceeding, and should not be part of the record.¹

Accordingly, CPBI respectfully requests denial of the "Request for Leave to File Supplement to Objection" with prejudice.

Respectfully submitted,

CONNECTICUT PUBLIC BROADCASTING, INC.

¹ CPBI did note the pendency of the Hartford/Norwich DTV exchange applications in the "Petition for Rulemaking" (January 9, 2004) which led to this proceeding, as it did in its Comments (July 6, 2004) and Reply Comments (July 14, 2004). This rulemaking proceeding was initiated to increase the population that would be served by WEDN-DT on Channel *9, as compared to either Channel *45 or Channel *32, and in fact was initiated by CPBI to ameliorate the coverage loss resulting from the DTV exchange applications. That relationship, however, does not make the Entravision (or ABC) comments relevant to this proceeding.
